PREFACE.

This Volume, forming the first, it may be hoped, of a series containing the whole of extant Buckinghamshire Registers down to the year 1812, includes the Marriage Registers of nine parishes. The need there is to preserve the contents of our ancient Registers from the risks of fire, theft, forgery and natural decay is well illustrated by this Volume. The Registers should commence in 1538, the date when they were established at the instance of Thomas Cromwell, yet only three commence earlier than 1624, viz.: Cheddington, 1552; Cholesbury, 1583; and Edlesborough, 1562. Of the rest, four begin in the Seventeenth Century, viz.: Mentmore, 1685; Pitstone, 1653; Slapton, 1653; and Soulbury, 1624. One other does not begin till the Eighteenth Century, viz.: Masworth, 1730. The Registers of Hawridge have wholely disappeared.

1379047

That earlier Registers existed is proved by the little known Transcripts at Lincoln and Aylesbury, which, in the case of the following six parishes, enable us to carry the records to much earlier dates than the Registers themselves. Thus, Cholesbury Register begins 1583, the Transcript 1576; Hawridge, Register lost, Transcript, 1600; Masworth, Register, 1720, Transcript, 1591*; Mentmore, Register, 1685, Transcript, 1575; Pitstone, Register, 1653, Transcript, 1576; Soulbury, Register, 1624, Transcript, 1575.

These facts very sufficiently indicate the need of printing our Registers, for we may be quite certain that the loss and

* An Archidiaconal Visitation report of 1637 states that the Register of Masworth begins April, 1558.

destruction of these ancient records, which concerns every class in the community, is by no means arrested, although it may be that usually they are more carefully guarded than formerly.

It has not been thought needful to print the entries verbatim. They are reduced to a common form and the following contractions have been freely used :—

w.=widower or widow.	p=of the parish of.
s.=spinster, single woman or son.	co.=in the county of.
b.=bachelor or single man.	dioc.=in the diocese of.
d.=daughter.	*lic.*=marriage licence.

The majority of these Register and Transcript extracts have been made by Mr. Ragg. The thanks of Editors and Readers also are due to the Rev. Campbell Lock and the Ven. C. S. Grubbe for valuable help in transcription. Thanks are also due to the Parish Clergy for permission to print these extracts. Their names are mentioned under the respective parishes.

The Editors are under great obligation to the Bishop of Lincoln and the Archdeacon's Registrar at Aylesbury, Mr. Thomas Horwood, for facilities given in examining the Parish Register Transcripts, by which the defects of the Registers have in some measure been supplied.

No index is given, as the Editors hope hereafter, to issue one general index for the whole county.

It may be well to remind the reader that these printed abstracts of the Registers are not legal "evidence." For certificates application must be made to the local clergy.

The Editors will gladly welcome help in the work of transcribing the Registers. It is only by volunteer assistance that it becomes feasible to issue this series of Parish Registers.

Marriages at Cheddington,

1552 to 1812.

Note.—The earliest Register begins in 1558, but according to a statement on the first page of the Register "no Marriages found between then and 1556," see however below two entries dated 1552, between the years 1561 and 1562, in apparently, a contemporary hand entered on the second page of the Register which otherwise is blank.

The second Volume of the Register for Marriages begins in 1741.

The Register is defective for the period 1790 to 1812, but the deficiency is fortunately supplied by the Transcripts at Aylesbury.

These extracts from the Register have been made by leave of the Rev. F. Heath, Rector of Cheddington.

Marriages at Cholesbury,

1576 to 1812.

Note.—The earliest Register is a small one, of paper, and begins in 1583. Transcripts however exist at Aylesbury, in the Archdeacon's Registry. These have been examined and Marriage entries as shewn below, for any period in which the Register itself is defective. One of the transcript entries is of an earlier date, viz., 1576, than the Register itself.

The second Volume is the usual paper one of printed forms, issued in 1754.

The Register extracts were made by permission of the late Rev. W. G. Marsden, Vicar of Cholesbury.

Marriages at Mentmore,

1575 to 1812.

Note.—All Registers earlier than 1685 have unhappily been lost. The first Register as regards Marriages begins in that year and continues to 1754 when a new volume commences, being the one adopted on the passing of the Hardwicke Marriage Act. Fortunately we are able, in some measure from the Transcripts which hvae been preserved at Lincoln and Aylesbury to supply the difficency. Those in the Bishop's Register at Lincoln, exist for 1604-5, 1606-7, 1610-11, 1611-12, 1613-14, all these years except 1613, are in duplicate in the Archdeacon's Series at Aylesbury. There they exist for 1575, 1600, 1601, 1602, 1603, 1604, 1605, 1606, 1607, 1608, 1609, 1610, 1611, 1612, 1614, 1615, 1616, 1617, 1618, 1619, 1620, 1621, 1623, 1625, 1626, 1627, 1629, 1630, 1631, 1632, 1633, 1634, 1635, 1636, 1637, 1638, 1639, 1640, 1642, 1643, 1644, 1645, 1646, 1647, 1659, 1660, 1662, 1663, 1664, 1671.

The extracts from the Registers have been made by the Ven. C. S. Grubbe, Vicar of Mentmore, by whose permission they are now printed.

Marriages at Soulbury,

1575 to 1812.

Note.—The first existing Register at Soulbury begins in 1624. According to a note in the Volume "This book was rote the 6 of Jany. in the yeare of our Lord God one thousand six hundred and twenty three." It is in size 14in. × 10in., bound in brown leather and stamped with Tudor roses and fleur de lys. The leaves are of paper. It contains Baptisms from 1623 to 1651, Burials from 1624 to 1640, and from 1675 to 1677, and Weddings 1624 to 1648 and 1676-77.

The second Register is a parchment folio, measuring 8½in. × 12in., and contains Baptisms 1677 to 1772 and 1772 to 1790, Burials 1677 to 1780, and Weddings 1676 to 1754.

The third Volume begins in 1754 and is the one provided under Lord Hardwicke's Act. It includes Banns and measures 9½in. × by 7½in.

The fourth Volume begins in 1788. It measures 14½in. × 9in., and is bound in the original rough calf.

These extracts have been made by leave of the Rev. C. E. Dandridge, Vicar of Soulbury.

Transcripts from earlier Register exist at Aylesbury in the Archdeacon's Registry for 1575, 1576, 1600, 1602, 1604, 1605, 1606, 1607, 1608, 1609, 1610, 1612, 1613, 1614, 1615, 1616, 1617, 1618, 1619, 1620, 1621, 1623; also for 1659, 1662, 1663, 1664, 1665, 1671, 1672, 1673, 1674, 1675.

These Transcripts to some extent supply the deficiencies of the Registers. From these, by permission of the Registrar, Mr. Thomas Horwood, the following entries are taken;—

Marriages at Pitstone,

1576 to 1812,

NOTE.—The name of this place is anciently written Picheleston or Pightelmsthorne. The earliest existing Register begins in 1653, and Vol. II. in 1746. Marriages in this volume, from 1754 follow, in manuscript, the form prescribed by Lord Hardwicke's Act, but Vol. III., commencing in 1780, is the first in which printed forms are adopted.

These extracts were made by leave of the Rev. G. Kent, when Vicar of Pitstone.

Transcripts from earlier Registers exist at Lincoln in Bishop's Registry for 1604, 1605, 1606, 1607, 1608, 1610, 1611, 1613, 1614. At Aylesbury in Archdeacon's Registry for 1576, 1600, 1601, 1604, 1605, 1606, 1607, 1608, 1609, 1611, 1612, 1615, 1616, 1617, 1619, 1620, 1621, 1622, 1623, 1624, 1625, 1626, 1627, 1630, 1632, 1633, 1634, 1635, 1638, 1640, 1642, 1643, 1644, 1645, 1646, 1659.

From these the following entries are taken:—
